## Safe Path Forward | New Guidelines Begin in March

Thanks to the participation of residents and staff, we will be able to resume many activities and services in early March.

This week, we distributed the updated Safe Path Forward Protocols to each community. Updates include the schedule for resuming visits from loved ones, communal dining and on-campus appointments with non-Goodwin House medical providers. We have also revised the quarantine requirements for trips off campus.

**Continue to wear your mask and socially distance when you are outside your apartment.** As we have shared before, receiving the vaccine means that those who are vaccinated are prepared to fight the virus if they get exposed to or contract COVID-19; it does not guarantee they won't get infected at all. By continuing to practice mask wearing, social distancing and hand washing as we resume activities, you help to protect one another and staff. We appreciate your continued commitment to our protocols. You are all living examples of how we are getting through this, and how we are stronger, together!

## Help Us Celebrate Women's History Month

We are still collecting stories that will celebrate Women's History Month. If you have ideas for stories we might feature, or if you have a personal story of your own you would like to share with us, we would love to hear from you. Please contact Kathie Miller 703.578.7125 | [kmiller@goodwinhouse.org](mailto:kmiller@goodwinhouse.org).

# Celebrating Black History Month!

Throughout this week, residents at GHBC have been enjoying this exhibit to celebrate Black History Month! Resident Carol Lewis worked with the Life Enrichment team to create a display that features individuals, couples and families who have made significant contributions to culture and history.

Goodwin House Alexandria residents enjoyed viewing African Artifacts on loan from fellow residents and staff.
